

NEBRASKA CHILD CARE COST MODEL PROVIDER INPUT SESSIONS

Join Prenatal to 5 Fiscal Strategies (P5FS) at this discussion to provide input on the cost of child care in Nebraska, sharing your experience as a provider delivering early care and education services. This discussion will focus on provider experiences with program operations and expenses to inform the child care cost model that P5FS is developing for Nebraska. The model will be used to better understand the true cost of providing high-quality child care for all children and families in Nebraska.

The sessions are intended for center directors, financial managers, and family child care provider/owners. Several sessions will be offered in Spanish.

Please select a session from the options below -

(the content is the same in each session, so you only need to attend one).

REGISTRATION IS REQUIRED!
