

NEW YORK STATE COST OF QUALITY STUDY INPUT SESSIONS

Join Prenatal to 5 Fiscal Strategies (P5FS) at this discussion to provide input on the cost of child care in New York, sharing your experience as a provider delivering early care and education services. This discussion will focus on provider experiences with program operations and expenses to inform the child care cost model that P5FS is developing for New York. The model will be used to better understand the true cost of providing high-quality child care for all children and families in New York State.

The sessions will be offered in English and Spanish and are intended for center directors, financial managers, and family child care provider/owners.

Please select a session from the options below -

(the content is the same in each session, so you only need to attend one).
